

Product Spec Sheet from Rentex

24" Dell UltraSharp Widescreen Flat Panel Monitor

Mfr Part No. 2408WFP
Rentex Product No. 3210

The 2408WFP improves the color gamut to 110% and also adds additional input options. It has two DVI inputs, and HDMI input, and it's one of the few current LCDs to support DisplayPort. In the features department, you get a fully functional base stand with pivot, swivel, and height adjustment. You also get a 9-in-2 flash reader and four USB ports.

Features

- Active matrix, thin-film transistor (TFT) and liquid crystal display
- 1920 x 1200 resolution & full-screen support for lower resolutions
- Contrast Ratio: 3000:1 / Aspect Ratio: 16:10
- 15.62" - 19.56" x 22.04" x 8.17" (w/stand compressed-extended)
