Rentex Product No. XVD2000

Mfr Part No. EXT-HDMI-141SBP

The EXTHDMI141SB HDMI Super Booster from Gefen is an HDMI repeater that can be connected to the end of a long HDMI cable or used to chain (2) cables together to allow you to achieve longer distances with cable lengths. It works by regenerating high-definition video and digital audio received from the source and retransmitting the signals.

This repeater is effective when used with distances up to 200', far more than offered by standard repeaters. It is equipped with HDMI connectors and is HDCP compliant. This unit supports high definition video up to 1080p and computer resolutions up to 1920 x 1200.
