Rentex Product No. MIC1475

Catchbox Pro is a module that allows professionals to convert their existing backpack transmitters into throw-able microphones. No need to buy new transmitters and receivers or change existing integrated systems, simply connect your existing backpack into the Catchbox Pro.

Features

- Available in Blue
- Magnetic Locking ensures that the inner capsule doesn't pop out when the device is thrown
- Active AutoMute feature senses the motion of the device and temporarily switches off the audio when the Catchbox is caught, thrown, or dropped
- Exceptional Sound with integrated cardioid mic element
- **Note:** Catchbox Pro requires a third party transmitter and receiver to work
