Product Spec Sheet from Rentex

Yamaha QL1 32-Channel Digital Mixer

Mfr Part No. QL1
Rentex Product No. MXR3210

Packed with many of the core features of their acclaimed CL Series, the Yamaha QL1 32-channel digital mixer is your ideal compact all-in-one solution for mixing, processing, and routing audio. Loaded with premium internal processors, including stellar-sounding EQ and dynamics tools developed in cooperation with Rupert Neve Designs, the QL1 will bring out the best sonic character in any source. With built-in automixing functionality, Dante network support, and remote control via your tablet or computer, the Yamaha QL1 is the perfect sound reinforcement solution for small- to medium-scale live sound, corporate speech events, broadcast, and more!

Features

- Pure, natural sound and powerful processing
- Revolutionary Dan Dugan automatic mixer
- Refined Control for Smooth Operation
- Link it up with built-in Dante networking
