

Mfr No. MCTRL4K
Rentex No. LEDNO10

The MCTRL4K is an independent master controller developed by NovaStar that allows you to send 4K content to our Absen M2.9 LED's.

Inputs	DP 1.2 HDMI 2.0 DUAL DVI-D1/D2
Outputs	1~16 OPT1~4 Control ETHERNET USB
Power supply	AC 100-240V~50/60HZ
USB	2
ETHERNET	1
Input power	AC 100-240V, 50/60Hz
Overall power consumption	30W
Dimensions (L x W x H)	482.6x372x89 (mm)
Weight	4.6kg

FEATURES

- Innovative design to enable smart configuration, reducing set up time
- Multiple controllers can be daisy-chained for uniform control
- Robust video input interfaces: DP1.2 (1), HDMI2.0 (1) dual-link DVI x (2)
- Supports two operating modes during dual-link DVI input: mosaic and multi-card
- Manual adjustment of screen brightness, which makes it much easier and quicker
