

Mfr No. V701
Rentex No. XVP1400

Achieve high-performance scaling and video processing with the VIO 4K Analog/Digital Multi-Format Converter from Analog Way. With up to nine inputs, three independent outputs, and a set of optional cards, this converter can display up to 4K at 60p. It features a 3.5" color TFT LCD display for live monitoring, output rotation of 90, 180, and 270° per output, area of interest management, and unlimited zooming and shrinking. With the VIO 4K, you can convert a single source to three independent outputs or extract different parts of the source to product creative displays.

Inputs	1 x DisplayPort up to 4K @ 30 Hz 1 x HDMI up to 4K @ 30 Hz 1 x 6G-SDI 1 x 6G-SDI Loop-through 1 x Universal Analog 1 x DVI Dual-Link up to 2560 x 1600 @ 60 Hz 1 x Video Optical SFP Module cage 1 x HDMI up to 2K/1080p (front panel) 1 x 3.5 mm jack for stereo audio (front panel) 1 x Genlock 1 x Genlock Loop-through
Outputs	1 x DisplayPort up to 4K @ 30 Hz 1 x HDMI up to 4K @ 30 Hz 1 x 6G-SDI Compliant Level A 1 x 6G-SDI Compliant Level B 1 x Universal Analog 1 x DVI Dual-Link up to 2560 x 1600 @ 60 Hz 1 x Video Optical SFP Module cage 1 x 1/4" / 6.35 mm stereo jack for headphones (front panel)
Power Supply	100 to 240 VAC 50/60 Hz, 3.2 A
Power Consumption	120 W
Dimensions	17.3 x 15.75 x 3.46" (43.9 x 40.0 x 8.8 cm)
Weight	13.7 lb (6.2 kg)

FEATURES

- 12G SDI Option Card
- Up to 9 Inputs / 3 Independent Outputs
- Two Video Expansion Slots
- One Audio Expansion Slot
- 3.5" Color TFT LCD Display
