

**Mfr No. 86BH5C-B**  
**Rentex No. 4KW8600**

### FEATURES

- 3840 x 600 UHD resolution
- Dynamic content is delivered on one screen with 58:9 widescreen format bar-type display
- PBP (Picture-by-Picture) feature allows you to divide a screen into four parts
- Edit content that consists of one video and several still images (up to 20) with SuperSign Editor
- Tiling scene with daisy chain

The 86BH5C 86" Ultra-Stretch UHD Display from LG features a native 3840 x 600 resolution for delivering detailed images and widescreen format 58:9 bar-type display. The PBP (Picture-by-Picture) feature allows you to divide a screen into four parts in landscape or portrait installations. You can edit content that consists of one video and several still images (up to 20) with SuperSign Editor. The display supports lateral tiling for 1x4 or 4x1 installations (landscape or portrait), and up to a 4x4 installation with a daisy chain configuration. The LAN daisy chain allows you to control and monitor devices, distribute content, and even update firmware.
