

Mfr No. USG
Rentex No. XCN4000

FEATURES

- (2) WAN 10/100/1000 RJ45 WAN ports, (2) LAN 10/100/1000 RJ45 LAN ports, and (1) RJ45 Serial console port
- Powerful enterprise-grade Firewall
- VLAN Support
- Quality-of-Service for VoIP and Video
- Intrusion Detection System and Prevention Detection System

The Ubiquiti UniFi Security Gateway is a highly customizable cloud-based managed Enterprise Router & Gateway. It offers advanced Firewall policies, Intrusion Detection and Prevention (IDS/IPS) to protect your network and its data. The USG is capable of level-3 switching with a 3Gbps maximum forwarding performance, and is equipped with 2-WAN uplink ports for fail-over networks. Intended for use in most network scenarios, from small training sessions to mid-sized corporate events, or large concerts that requires high bandwidth throughput and scalability. It can also create virtual network segments for security and network traffic management. A site-to-site VPN secures and encrypts data communications traveling over the Internet. The Ubiquiti UniFi Security Gateway is wall-mountable, and packs a 500 MHz dual-core processor for standard hardware-accelerated performance.

Max. Power Consumption	7W
Power Supply	12VDC, 1A Power Adapter (Included)
Supported Voltage Range	9 to 24VDC
Processor	Dual-Core 500 MHz, MIPS64 with Hardware Acceleration for Packet Processing
System Memory	512 MB DDR2 RAM
On-Board Flash Storage	2 GB
Serial Console Port	(1) RJ45 Serial Port
Data Ports	(3) 10/100/1000 Ethernet Ports
System	Status
Serial Console Port	Power
Data Ports	Speed/Link/Activity
Dimensions	5.32 x 5.32 x 1.11"
Weight	12.9 oz
