

Mfr No. PT4700-SDI
Rentex No. PRS3000-KIT

The PT4700-SDI Professional 17" High-Bright Teleprompter from ikan offers three interchangeable camera mounts providing support for a wide range of cameras. One fits DSLR/mirrorless cameras, one is for small to large camcorders, and the third is for VCT plates for attaching ENG cameras. A 17" monitor, a collapsible hood, and one of the camera mounts easily attach to the base of the teleprompter, and the base can then be mounted on a tripod or pedestal via multiple 1/4"-20 and 3/8"-16 mounting threads. The monitor features a display resolution of 1280 x 1024.
