

Meeting **OWL**

Start your meeting

- 1 Power laptop
- 2 Open video conferencing platform
(ex: Zoom, Skype, Hangouts, etc.)
- 3 Set platform audio and video to
the Meeting Owl
- 4 Start meeting

Need some help?

Here are answers to some common questions.

Q: What is this little card that I'm reading?

A: This is a quick start card for your rooms with the Meeting Owl.
Fold it at the crease to display the 4 steps to get started.

Q: Can I mute the Meeting Owl?

A: Yes! There is a mute button (🔇) at the base of the Meeting Owl.
The area above the mute button turns red when it's muted.

Q: Can I control where the Meeting Owl looks?

A: Yes - people in the room can "lock the stage." Here's how:
(1) Download the Meeting Owl app (2) Select your Owl from the
Nearby Owls list (3) Select Camera Lock (4) Select Take Control.
To reset, select Reset to Auto Focus.
