### Brompton Tessera SX40 - 4K LED Video Processor

#### Frame Remapping - Multiple Cameras? No Problem

- Frame remapping allows for multiple cameras to see different content when viewing the same LED screen at the same time

#### HFR+ (High Frame Rate) = Smooth Video!

- HFR+ gives you the power to play video content on an LED like our BP2 at up to 250fps (frames per second) allowing for smoother visuals.

*Use with our ROE BP2 LED for a perfect picture!*
