Analog Way Zenith 200 Alta Switcher with Dante

- ✓ 16x inputs including 14x 4K60 inputs and 2x 2K60 inputs
- ✓ 6x 4K60 outputs
- ✓ Versatile 4K connectivity: HDMI 2.0; DP 1.2; 12G-SDI; SFP+
- ✓ Up to 4 outputs configurable as independent screens or as multi-output widescreens
- ✓ Up to 8x 4K split layers or 4x 4K mixing layers

Following in the tradition of the Ascender series, and a perfect fit for shows that need modern features but are simply too small to bring in the maxed out Aquilon, the Analog Way Zenith 200 steps up to deliver an exceptional level of performance in a compact package.

Designed with versatility and ease of use in mind, the Zenith 200 is a powerful presentation switcher that offers a wide range of cutting-edge features. Whether you're organizing a corporate event, a live concert, or a small-scale production, this state-of-the-art device will meet your needs with precision and efficiency.
