

Epson EB-PU2213B

13,000 lumens laser projector

- WUXGA with 4K Enhancement
- High-aperture Epson 3LCD, 3-chip technology
- 13,000 lumens of equal white and color brightness
- 3G-SDI In/Out to accommodate daisy chaining and long cable runs
- Color reproduction of up to 1.07 billion colors

This premium laser projector is equipped with 4K Enhancement, acceptance of 4K signal, and delivers up to 4.6 million pixels on-screen for incredibly crisp images. A high native contrast ratio produces deep blacks. Users can control multiple projectors in a single, large space with Epson's Projector Professional Tool (EPPT) and efficiently manage installed projectors with Epson's Projector Management software. With 3G-SDI input and output to accommodate daisy-chaining and long cable runs.
