

ROLAND V-160HD STREAMING VIDEO SWITCHER

VERSION 3.0 NEW FEATURES

New features include:

- **Upgrade to 3 Aux buses** – Use Aux 1, 2, or 3 on any of the available outputs, and control them directly from the panel or within the app.
- **iPad Video Monitoring and Switching** - Full control is now available using the iPad Remote app and many of the **latest iPad models with USB-C**.
 - This enables a touchscreen multiviewer capability for simplified switching
- **External PTZ Control Enhancements** - You can now adjust pan, tilt, and zoom for each camera and assign/recall presets from a USB numeric keypad.
- **New Audio Effects** - Loudness auto gain and adaptive noise reduction options help improve sound quality, especially during streaming events.
