

Rentex Expands Boston Office and Warehouse to Meet Growing Customer Demands

Boston, MA - (October 28, 2024) – Rentex, a leading provider of AV rental services, is excited to announce the expansion of its Boston office and warehouse by 14,228 square feet, bringing the total space to 33,694 square feet.

This expansion reflects Rentex's commitment to improving logistics and efficiency. The new space features two dedicated areas for staging outbound orders and processing inbound shipments. Meanwhile, the original warehouse will undergo an upgrade with additional racking to accommodate more gear storage.

"Our decision to expand the Boston operations was driven by the need for more space to efficiently manage larger orders, which had become increasingly difficult within the previous layout. The added space will allow us to streamline our processes and reduce the need to split large orders with our New York location," said Don Gaskill, President and COO, Rentex.

Beyond increasing capacity, this growth also allows Rentex to maintain its high standards for equipment quality. With enhanced facilities and upgrades to our Quality Control room, Rentex can continue the rigorous QC process, ensuring each piece of equipment is thoroughly inspected, maintained, and ready to perform at its best.

The expansion is expected to be completed by year-end, ensuring smooth operations during the busy season.

About Rentex, Inc.

Rentex, Inc. is a national leader in the wholesale rental of production, pro audio visual, and computer equipment. With 12 convenient locations, Rentex provides equipment to the nation's largest staging, production, and other live event companies. More than a vendor, Rentex believes that all companies in the live event industry should rent from a partner, not a competitor.
