

YAMAHA

DM7

The **Yamaha DM7** is a 120-channel digital mixer offering 96kHz audio, dual touchscreens, and 28 motorized faders for intuitive control. With Dante networking, VST/DAW integration, dual power supplies, and AI-assisted tools, it's built for top-tier performance in live sound, broadcast, theater, and corporate AV.

Product Highlights

- **120-Channel Capacity:** Supports extensive input and output configurations for complex audio setups.
- **Dual 12-inch Touchscreens:** Provides an intuitive and user-friendly interface for seamless operation.
- **144 x 144 Dante Interface:** Ensures high-quality, low-latency audio networking for professional environments.
